
GENERAL INFORMATION

This Form is used by a Local Educational Agency (LEA) as defined by Regulation Section 1859.203 to request Federal Renovation Program (FRP) grants for the renovation and repair of school facilities. Each LEA is permitted to submit one application (per each Federal Government appropriation, pursuant to Regulation Section 1859.207) for permissible renovation and repair needs as defined by Regulation Sections 1859.208 through 1859.211 for all its schools. Qualifying charter and non-profit private schools renovation and repair needs may be included in a LEA's application as authorized by Regulation Sections 1859.204 and 1859.205.

The LEA's are advised that federal requirements outlined in Section 321(e) of Public Law 106-554 provide that an appropriate public comment period be established to assure that parents, educators and all other interested parties including charter and non-profit private schools have an opportunity to participate in the LEA's application process. Furthermore, when an LEA is assessing its renovation and repair needs and the amount it will request in its application, it should consider the maximum federal funds a LEA may receive as provided in Regulation Section 1859.213.

Once the State Allocation Board (SAB) has determined the LEA's funding priority and funding (award) under the FRP, the Board may grant the award. After the award is released to an LEA, the LEA will be responsible to assure that the award is distributed appropriately to the schools within the LEA including the charter and non-profit private schools.

The LEA's may consult the Office of Public School Construction (OPSC) Web site at www.opsc.dgs.ca.gov/ to obtain a copy of the FRP Regulations and LEA Information list that identify the following:

- LEA's defined as High Poverty by Regulation Section 1859.202. This data is used by the OPSC to classify LEA's into Category A funding as prescribed in Regulation Section 1859.212.
- LEA's defined as Rural by Regulation Section 1859.202. This data is used by the OPSC to classify LEA's into Category B funding as prescribed in Regulation Section 1859.212.
- The percentage and number of pupils in each LEA defined as Poor Children by Regulation Section 1859.202. This data is used by the OPSC to determine Poor Children in the LEA for purposes of priority points authorized by Regulation Section 1859.214(b)(1)(A) or (B).
- LEA's matching share participation in the Deferred Maintenance Program for the previous five years. This data is used by the OPSC to determine the LEA's priority points authorized by Regulation Section 1859.214(b)(5).

The LEA's are advised that the data contained on these lists will be used by the OPSC to determine an LEA's funding category and priority points for purposes of funding. If a LEA does not agree with the data contained on these lists, please contact the OPSC program manager for the FRP.

For additional information, LEA's may also consult the United States Department of Education/Office of Elementary and Secondary Education School Renovation and IDEA Guidebook located on its Web site at www.ed.gov/office/OESE/goals/progresp.

SPECIFIC INSTRUCTIONS**Part I – LEA Representative Information**

Enter the name(s) of the LEA's employee(s) that can act on behalf of the LEA. A consultant who is on contract with the LEA to communicate with the OPSC on behalf of the district's board may be listed.

Part II – Application and Project Eligibility Data

1. Enter the pupils that attend class for at least 50 percent of the school day for the following (refer to Regulation Section 1859.213[b]):
 - a. With the exception of special day class (SDC) and community schools (CS) pupils, each pupil enrolled in the LEA as reported on the latest CBEDS report to the California Department of Education (CDE).
 - b. SDC and CS pupils reported to the CDE in April prior to the latest CBEDS report.
 - c. Pupils enrolled in qualifying charter schools not reported in a or b above.
 - d. Pupils enrolled in qualifying non-profit private schools.
 - e. Enter total of a, b, c and d.
 2. Enter the FRP grant amount requested for the renovation and repair projects for qualifying schools within the LEA. Include qualifying charter and non-profit private schools. Permissible use of FRP grants are outlined in Regulation Sections 1859.208 through 1859.211. The maximum FRP grant an LEA may receive is as follows:

\$75,000 plus \$20 for each pupil reported on line 1e of Part II. The LEA may request more or less than the maximum FRP grant authorized by Regulation Section 1859.213.
 3. Enter the:
 - a. With the exception of the County Superintendent of Schools (CSS), enter the percent of current outstanding bonded indebtedness of the LEA (refer to Regulation Section 1859.214[b][2]). Enter zero if none.
 - b. If the LEA is a CSS, indicate if the CSS is currently paying a debt service(s) for Certificate of Participation (COP) issued for capital outlay purposes.
 - c. Enter the percentage of the FRP grant amount requested on line 2 of Part II that represents renovation and repair work planned for charter schools only.
 4. Refer to Regulation Section 1859.220. Enter the:
 - a. School Facility Program (SFP) modernization application number(s) if any, if the renovation and repair work included in those application(s) is also included in the FRP application amount requested on line a. #4, of Part II and the LEA cannot certify the SFP project(s) still meet the 60 percent commensurate test requirement in the SFP after deducting the duplicative renovation and repair work included in this application.
 - b. Deferred Maintenance Critical Hardship Application number(s) if any, if the renovation and repair work included in the Deferred Maintenance Critical Hardship project is also included in the FRP application amount requested on line b. #4 of Part II.
-

APPLICATION FOR FEDERAL GRANT**FEDERAL RENOVATION PROGRAM**

SAB 60-01 (NEW 01/02)

The Local Education Agency (LEA) named below applies to the State Allocation Board via the Office of Public School Construction for a grant under the provisions of the Federal School Repair and Renovation Program authorized by Public Law 106-554.

Part II – Application and Project Eligibility Data**1. Enrollment Data (Section 1859.213[b]):**

- a. CBEDS (except SDC and CS) pupils _____
- b. SDC and CS pupils _____
- c. Charter school pupils _____
- d. Non-profit private school pupils _____
- e. Total of a, b, c and d _____

2. FRP Grant requested: \$ _____

3. Funding Criteria (Section 1859.214[b]):

- a. Percentage of bond indebtedness _____%
- b. CSS debt service on COPs ☐ YES ☐ NO
- c. Percentage of renovation/repair for charter schools _____%

4. Project Duplication (Section 1859.220):

- a. SFP Modernization Project(s)* 57/ _____
- b. Deferred Maintenance Critical Hardship Project(s)* 40/ _____

*Use page 4 to list additional projects.

Certification:**I certify, as the LEA Representative, that:**

- I am designated as an authorized representative by the governing board of the LEA; and,
- The LEA will comply with all laws pertaining to the repair and/or renovation of its school facilities; and,
- If the application includes funding request for charter or non-profit private schools, the LEA has a certification from those school(s) that they will comply with all laws pertaining to the repair and/or renovation of its school facilities; and,
- The LEA has or will comply with the Public Contract Code including compliance with any small, minority and women-owned businesses requirements; and
- The LEA understands that it is responsible to assure the LEA award is distributed appropriately to the schools within the LEA, including charter and non-profit private schools; and,
- The LEA has notified all non-profit private schools and charter schools within the boundaries of the LEA of the availability of these federal funds in a widely read and distributed medium; and,
- The LEA has included all non-profit private schools and charter schools in meeting the requirements of this program in this application; and,
- The LEA, non-profit private schools and charter schools have or will provide adequate and efficient notice of the opportunity of funds to all interested parties and the community in a widely read and distributed medium and allow for public comment on the use of funds; and,
- If the apportionment award includes work currently included in a School Facility Program (SFP) modernization project that is currently on the SFP Modernization Unfunded List or the OPSC Modernization Workload List, the LEA certifies that after reducing the work to be funded with FRP grants from the SFP modernization project, the cost estimate for the remaining work in the SFP project meets the 60 percent

- commensurate requirement in the SFP. If the LEA cannot make this certification, the LEA will withdraw the SFP modernization project prior to FRP fund release (Refer to Regulation Section 1859.220); and,
- If the apportionment award includes work currently included in a Deferred Maintenance critical hardship project that is approved but unfunded or on the OPSC Workload List, the LEA will withdraw the critical hardship application prior to the FRP fund release (Refer to Regulation Section 1859.220); and,
 - The LEA understands that some or all of the FRP funding for the project may be returned to the SAB as a result of an audit pursuant to Regulation Section 1859.218; and,
 - The LEA understands that the grant award shall be reduced to costs incurred unless the LEA meets the requirements in Section 1859.216; and,
 - The LEA shall submit the final expenditure report for the grant award within 270 calendar days from the date of the first fund release (Refer to Regulation Section 1859.217); and,
 - The grant amount provided by the SAB shall be deemed the full and final apportionment. The LEA understands that any costs incurred beyond the award shall be the responsibility of the LEA (Refer to Regulation Section 1859.213); and,
 - The LEA did not receive funding from any other State funded program for the work requested in this application; and,
 - This Form is an exact duplicate (verbatim) of the form provided by the OPSC. In the event a conflict should exist, then the language in the OPSC form will prevail; and,
 - I certify under penalty of perjury under the laws of the State of California that the statements in this application and supporting documents are true and correct.
